

Statement on DRC Conflict Materials

CY Sheet Metal Ltd is committed to operating in a socially responsible way.

There has been increased awareness of violence and human rights violations in the mining of certain minerals from a location described as the "Conflict Region", which is situated in the eastern portion of the Democratic Republic of the Congo (DRC) and surrounding countries.

CY Sheet Metal Ltd are not aware of the use of any Conflict Minerals sourced from listed DRC countries in any of our products.

It's CY's policy to refrain from purchasing from any known conflict sources and we expect that our suppliers adhere diligently to the same standards.

We have notified all our suppliers of our policy on conflict minerals and have asked each supplier to provide us with a confirmation of their conflict-free status.

We will continue to proactively work with our customers and suppliers to verify a conflict free supply chain.

We will continually review and revise our statement as and when further updated information is made available to us from our supply base.

Ian Passey
